Annual
Sponsor update

The number of roadways converting to electronic tolling is

increasing. Technological improvements have led more states to operate fully automated toll systems to collect fees. That means a greater burden on tolling authorities.

The Central Florida Expressway Authority (CFX) announced the return of [Visitor Toll Pass](#)[™], the popular toll payment solution for rental car customers traveling round trip through the Orlando International Airport (OIA). First piloted in May 2019, the program was temporarily paused when COVID restrictions placed significant bans on domestic and international travel through OIA. Now with travel returning to pre-COVID levels, the program has resumed.
